Madison-Something About It.

Messis. James Richardson & Co. have removed their Land Agency office, into the corner room of the "Model Block," which has been fitted up expressly for them, in a style superior to any other business room in the State. This room is ingo, and is pleasantly located as it can well be inagined. The internal arrangement is very instefully fitted up, and much regard has been paid, both to elegance and convenience. These gentlemen are doing an extensive business, and their excellent facilities, and correct business habits, recommend them highly to public favor.

The above, which we clip from the Madison learned gives us an amountuity to mention the Meests. James Richardson & Co. have temp

Journal, gives us an opportunity to mention the names of an enterprising firm, subscribers and anatomers of ours, and to add a few words concerning Madison generally. The office referred to is beyond doubt the handsomest and best arranged in the State, being in the north corner of Farwell's splendid block, built last summer, o the fine white sandstone, poculiar to that vicinity. In the same building, up aloft, spacious and well lighted rooms are occupied by our friends of Standard the following returns of the recent city the Journal. All of the stores on the main floor election at Janesville ; are rented and occupied, as well as the basements and many offices in the 2nd and 3d stories.

Several more handsome stores, of the same manetial, are to be built this season, and hosts of dwellings are going up in every direction, while real catate is advancing largely in every part of the town. The Capital House, a much better Hotel Building than there is elsewhere in the State, and one worthy of the most heautiful in- Marshal ;- I. Doyle, dem. land town in the country—is admirably, and we are glad to know successfully, kept by Mr. Stevens, and it will be a pleasant temporary home for tourists and travellers on business during the summer months. The old United States has also been well kept during the session; far better than

The stores in Fairchild's new Block and under the Capital House are all occupied. In one of the inter is a Jewelry establishment, furnished with a rich stock, kept by a genius in his way.--By some peculiar knack he has so managed, that where as heretofore the annual sales of articles in his line at Madison could be conveniently carried in a pedlar's small box, he has during the past winter disposed of some \$12,000 worth of goods, and it is said that nearly every day-laborer gunges his work by a gold watch with ponderour seal or chain, while the milroad hands will be content with nothing less than a gold dinnerpail; and this is saying nothing of the more extensive acquisitions of more ambitious people.

Madison is growing rapidly, and must continue to grow. We shall soon be in such railroad connection with it that any of our readers can start in the morning, run out by 11 A. M. stay four or five hours, and return by early bed time, when any of our readers can go and see if we have at all exaggerated.

M. Benest.-A letter has been received by the Roman Catholic A rebbishop of Baltimore, from M. Bedini, since his return to Europe, in which he says some things about his reception in this country, and announces that he has sent over some ergravings taken after a disguerreotype of the painting of the Virgin of Rimini, which is said to have moved its eyes miraculously, while he (Bedini) was Governor of Bologus. He thinks their distribution will do good in this country.

FATAL ACCIDENT IN MARQUETTE Co .- We learn by a letter, received in this city yesterday, that a few days since, Mr. T. W. Asserbur, brother-inlaw of Dr. Harchard of our city, was drowned in Spring Lake, one mile from Kingston, Marquette County. He had gone out in a small boat with Capt. Williamson and Mr. Charles Parrott and when near the center of the lake, the boar was upset. The other two got ashore, one by gwinning, the other on the bottom of the boat. but Mr. Asbridge was drowned. His body had. not been found at the date of the letter. Dr Hatchard left for Kingston yesterday.

A Curiosity. The Boston Post has been shown a manuscript rolume, about the size of an 18mo testiment, containing 150 sermons, written by Rev. Solomon Stoddard, who died in 1725. The Post says that it can't read a word, but "dares

Larre—3 P: M.—We are indebted to Mr. Pellett for another dispatch from Mt. Morris, which states that further particulars of the fire bave been received by stage from Dansville. The conflation has been awful. The American Hotel was totally destroyed, also the Presbyterian Oburch and about 50 buildings, including many of the principle stores, and all the dry good stores but two. The business portion of the town is in ruins. Loss not yet stated, but it must be great about it.

GREAT FIRE AT DANAVILLE.—We learned last evening, by Mr. Pellett, manager of the Genesee Valley Telegraph Line, that a fire broke out in Danavilleat 3 P. M., in the American Hotel building. The American and adjoining buildings were undoubtedly destroyed, as was the telegraph office, which interrupted communication. We are undoubtedly destroyed, as was the telegraph office, which interrupted communication. We are
therefore without direct news from Dansville today. A despatch from Mt. Morris, 14 miles this
side of Dansville, notices a rumor prevalent there,
that between 40 and 50 buildings had been destroyed at Dansville, including two churches. The
light was seen distinctly from Mt. Morris in the
night. It may be readily supposed that a fire
that lasted so long, involved a great destruction
of property. We shall anxiously await further
particulars.

Syrup. I have a word to say to you, in favor of Hunter's Cough
Syrup. I have the past year used in my practice, two duzan bottles of it, which I had of you, and every bottle has
done good. For eight years past, I have been in the pravtice of Modeline, and I never have found any thing, so well
calculated to operate so favorably in all discuss of the
lungs as that is. I have known a hard, discressing cough,
oured in forty-oigh hours, by using (in broken doses) one
bottle of it. One case here in particular, of a man who was
thought to have a seated consumption, troutled with a hard
districting cough. I let him have one bottle, and he had
two more of your Agent, Mr. Whitmore. After using
the 3 bottles, he has become woll, and now labors every day.
He told me lately, that Hunter's Cough Syrup was the
means and only means of his curse. I have given it to inform you that it has done good in every case. I shall do
all in my power to recommend this tha cases show named,
